## COVER DRAWING

### *Michigan State Capitol:*

This image, with flags flying to indicate that both chambers of the legislature are in session, may have originated as an etching based on a drawing or a photograph. The artist is unknown. The drawing predates the placement of the statue of Austin T. Blair on the capitol grounds in 1898.

## PAGE GRAPHICS

### *Capitol Dome:*

The architectural rendering of the Michigan State Capitol's dome is the work of Elijah E. Myers, the building's renowned architect. Myers inked the rendering on linen in late 1871 or early 1872. Myers' fine draftsmanship, the hallmark of his work, is clearly evident.

Because of their size, few architectural renderings of the 19<sup>th</sup> century have survived. Michigan is fortunate that many of Myers' designs for the Capitol were found in the building's attic in the 1950's. As part of the state's 1987 sesquicentennial celebration, they were conserved and deposited in the Michigan State Archives.

### *East Elevation of the Michigan State Capitol:*

When Myers' drawings were discovered in the 1950's, this view of the Capitol – the one most familiar to Michigan citizens – was missing. During the building's recent restoration (1989-1992), this drawing was commissioned to recreate the architect's original rendering of the east (front) elevation.

### **RELATIONSHIP TO THE MICHIGAN ADMINISTRATIVE CODE**

The *Michigan Administrative Code* (1979 edition), which contains all permanent administrative rules in effect as of December 1979, was, during the period 1980-83, updated each calendar quarter with the publication of a paperback supplement. An annual supplement contained those permanent rules, which had appeared in the 4 quarterly supplements covering that year.

Quarterly supplements to the Code were discontinued in January 1984, and replaced by the monthly publication of permanent rules and emergency rules in the *Michigan Register*. Annual supplements have included the full text of those permanent rules that appear in the twelve monthly issues of the *Register* during a given calendar year. Emergency rules published in an issue of the *Register* are noted in the annual supplement to the Code.

### **SUBSCRIPTIONS AND DISTRIBUTION**

The *Michigan Register*, a publication of the State of Michigan, is available for public subscription at a cost of \$400.00 per year. Submit subscription requests to: Office of Regulatory Reform, Department of Management and Budget, Mason Building - Second Floor, 530 W. Allegan, Lansing, MI 48933. Checks Payable: State of Michigan. R 338.108 of the Michigan Administrative Code is amended as follows:

**PART 2: GENERAL PROVISIONS**

R 338.108 Sympathomimetic amine drugs including amphetamines; standards of practice.

Rule 8. (1) The board of osteopathic medicine and surgery has determined that any of the sympathomimetic amine drugs, except amphetamine and its salts, designated in schedule 2 under the code or the rules promulgated by Michigan's board of pharmacy, have negligible therapeutic value, have a high potential for physical and psychological addiction, have serious detrimental health effects when abused, are widely abused through intentional or misinformed acts in the medical and lay communities, and pose a health hazard and risk of improper medical treatment vastly disproportionate to any legitimate use of such drugs. The board has further determined that there are alternative treatment modalities to such drugs of at least comparable therapeutic value that do not pose similar risks. In accordance with these determinations, and except as provided in subrules (4), (5), and (6) of this rule on the prescribing of amphetamine and its salts, and except as provided in subrule (7) of this rule, the giving, selling, prescribing, or administering of any of the sympathomimetic amine drugs designated in schedule 2 under the code or the rules promulgated by Michigan's board of pharmacy constitutes a departure from, or failure to conform to, minimal standards of acceptable and prevailing medical practice.

(2) Except as provided in subrules (4), (5), and (6) of this rule on the prescribing of amphetamine and its salts, and except as provided in April 2, 2004

subrule (7) of this rule, the giving, selling, prescribing, or administering of any of the sympathomimetic amine drugs designated in schedule 2 under the code or the rules promulgated by Michigan's board of pharmacy is prohibited.

(3) A violation of this rule constitutes a violation of section 16221(a), (b)(i), (c)(iv), and (g) of the code.

(4) Recognizing that amphetamine and its salts are therapeutically effective in the treatment of hyperkinetic children, an osteopathic physician may, by issuance of a written order for amphetamine and its salts, prescribe amphetamine and its salts for a hyperkinetic child, if the physician, before writing a prescription for amphetamine and its salts, has done all of the following:

(a) Taken a complete history.

(b) If the child is attending school, secured a report from the child's school regarding the child's current and past behavior.

(c) Completed a physical examination, including a neurological examination.

A prescription for amphetamine and its salts ordered for a hyperkinetic child shall indicate on the prescription order, in the physician's own handwriting, the purpose for which the drug is being prescribed.

(5) Recognizing that amphetamine and its salts are therapeutically effective in the treatment of narcolepsy, an osteopathic physician, may, by issuance of a written order for amphetamine and its salts, prescribe amphetamine and its salts for narcolepsy, if the physician, before writing the prescription for a patient, has taken a complete history and physical examination, with appropriate studies of the patient, which establish that the patient suffers from narcolepsy.

A prescription for amphetamine and its salts ordered to treat narcolepsy shall indicate on the prescription order, in the physician's own handwriting, the purpose for which the drug is being prescribed.

(6) Recognizing that amphetamine and its salts are therapeutically effective in the treatment in adult forms of attention-deficit/hyperactivity disorder (ADHD), a physician may, by issuance of a written order for amphetamine and its salts, prescribe amphetamine and its salts for adult forms of ADHD, if the physician, before writing a prescription for amphetamine and its salts, has taken a complete history and physical examination, with appropriate studies of the patient, which establish that the patient suffers from adult forms of ADHD.

A prescription for amphetamine and its salts ordered to treat adult forms of ADHD shall indicate on the prescription order, in the physician's own handwriting, the purpose for which the drug is being prescribed.

(7) Recognizing the need for innovative medical practices and the unpredictability of scientific developments, an osteopathic physician may apply for a written waiver of the requirements of this rule by submitting a written request to the board. The request shall include all information necessary for a comprehensive evaluation of its merit. If the osteopathic physician requesting the waiver demonstrates, to the satisfaction of the board, that a waiver would further legitimate medical purposes without undermining the purposes of this rule, the board may issue a written waiver with such terms and conditions as may be deemed appropriate.
